Subject: RE: SBI Project # - Everett SD - Jackson HS - Library Chairs

Hi Paul,

Thanks so much for conveying the request to have photos of our beautiful chairs in production so we can see all the individuals who do the work to create them! We are all eagerly anticipating their arrival—and some type of celebration once they are here. It has been a dream of mine since 2001 when I first explored the possibility of replacing what we have with the Sauder 3-position chair. I am indebted to Mr. Cheshire, our outstanding principal, who made this very large investment possible and has been such an advocate for our library in many, many other ways as well.

I received an email from Amber, letting me know she is the project manager for our job. Certainly this made me feel that we are well taken care of on all fronts. I'll be sharing both your emails with my students through the next few days. I will take photos of the library with our students—so all @ Sauder can have an idea of our facility and the amazing students and staff who will be using them each day.

Thanks Paul, for working so hard to make this dream a reality for us here @ Jackson High. I appreciate all @ Sauder who are collaborating on this job to create such comfortable, functional and beautiful chairs for our library!

Sincerely,

Barbara Stolzenburg
Jackson HS Teacher Librarian
