

Tech Camp for Teachers! August 2010

SBI Tech Camp offers 3 days of workshops with hands-on time to integrate tools with your lessons and units while earning clock hours or college credits. Not only will you have time to develop lessons and tools that you can use all throughout the upcoming school year, you will also have a chance to share and learn from other teachers.

At the end of **Tech Camp** you will leave with a better command of your SMART Tools and with lessons and activities that will enhance your instructional program.

Dennis Purcell is the host for the 2010 Tech Camp. Dennis is the Training Manager at SBI and has 10+ years teaching experience in the Seattle School District. Passionate about Technology and Professional Development, Dennis has an unique gift to develop training curriculum that adds to best practices and is immediately useful in any classroom.
