Sue,  
I wanted to let you know that the whiteboard training is a great success – all over the building, teachers are putting what they've learned the past few days to use, turning everyone's boards upside down, into Dutch, and filling everyone's pens with white ink. 😊

Seriously, the feedback has been great and will really allow us to move forward – thanks so much for whatever part you played and please pass our thanks on to everyone else who had a part in making it happen.

Dawn
